Here is Professor Wong's Chinese Takeaway. It's a magical restaurant. It can travel to different countries and to different times. Look! Professor Wong and his friends Brenda, Eddie and Marmaduke the dog are looking out of the window.

AAH! It's a sword. Run!

AAH! It's a ghost! Run!

Suddenly Eddie saw a stone. In the stone was a giant sword! Brenda saw a ghost. Everyone was frightened.

It wasn't a ghost. It was a girl. Her name was Guinevere.

Wait! I'm not a ghost.
My name's Guinevere.
What are your names?

My name's Brenda.
And this is Marmaduke.

My name's Eddie.

Can you see some little monsters in the picture? They are Grippies. How many Grippies can you see? Are they good or bad?

Guinevere pointed to the sword in the stone. It was a very important sword.

The man who pulls the sword out of the stone is going to be the King of England.

Guinevere told a sad story about her friend, Arthur. Arthur was short and thin, but he was very strong. His brother, Kay, was big and tall and strong. But Arthur was stronger. Kay was very jealous of Arthur. He hated Arthur.

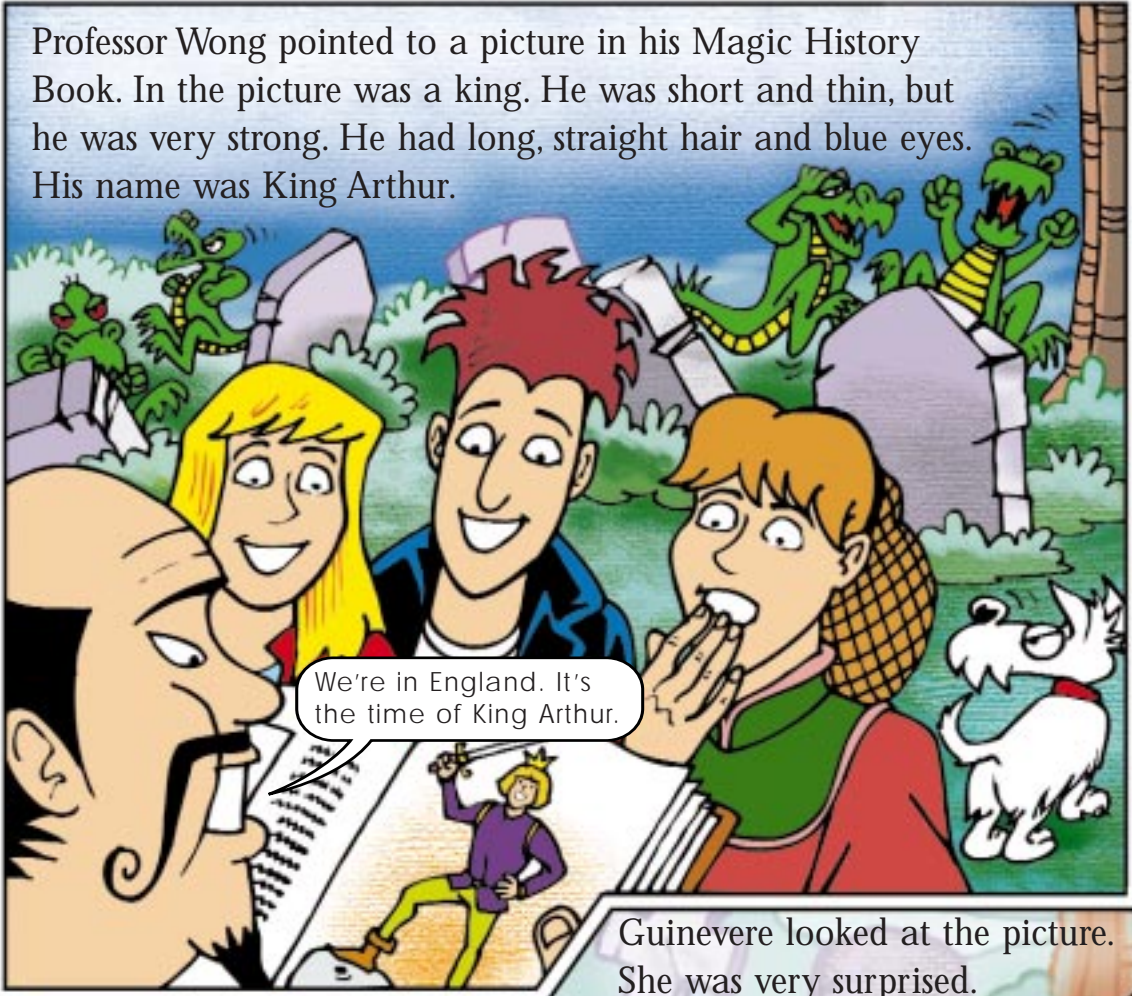

Take that! And that! And that!

Huh! Very clever! Very clever!

One day, Kay put Arthur in the dungeon and shut the door.

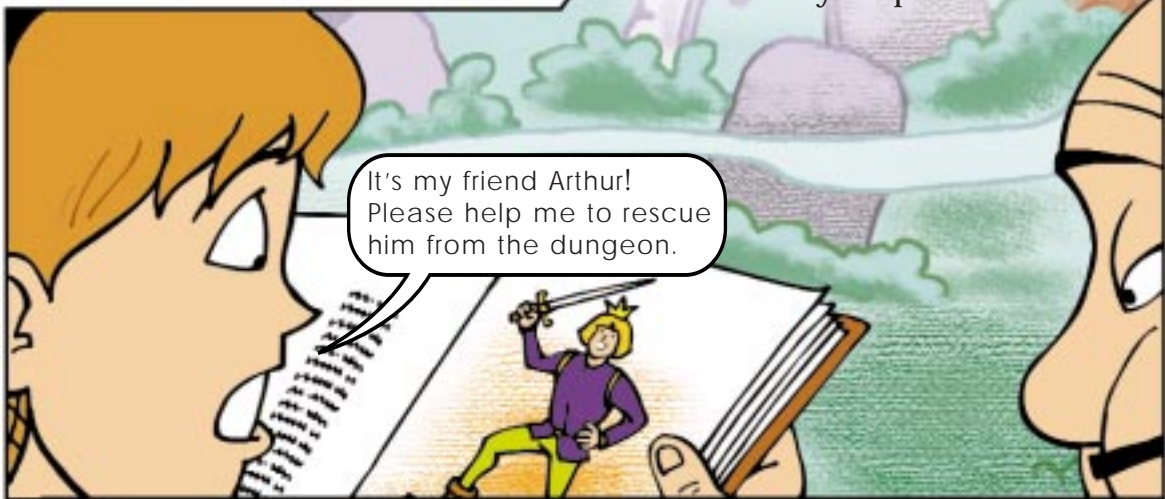

Ha! Ha! Now I'm the strongest!

Professor Wong pointed to a picture in his Magic History Book. In the picture was a king. He was short and thin, but he was very strong. He had long, straight hair and blue eyes. His name was King Arthur.

We're in England. It's the time of King Arthur.

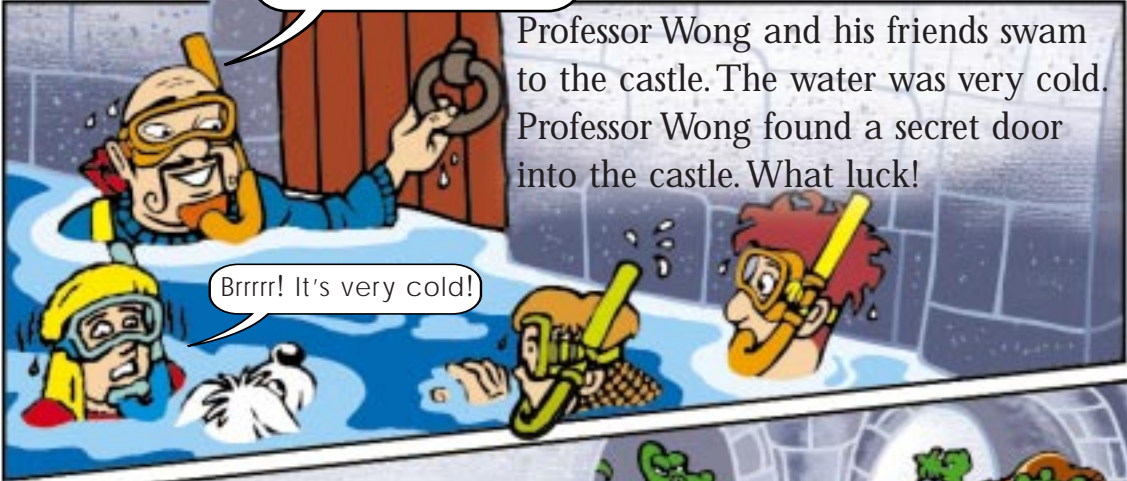

Guinevere looked at the picture. She was very surprised.

It's my friend Arthur! Please help me to rescue him from the dungeon.

Guinevere, Professor Wong, Eddie, Brenda and Marmaduke went to Kay's castle. It was a big black castle with a big black dungeon.

What's this? Oh, good!
It's a secret door!

Professor Wong and his friends swam to the castle. The water was very cold. Professor Wong found a secret door into the castle. What luck!

Brrrrr! It's very cold!

Professor Wong opened the door and saw ... the Grippies! The Grippies are very bad. They help the Crazton Family, and the Crazton Family are very bad. They hate Professor Wong.

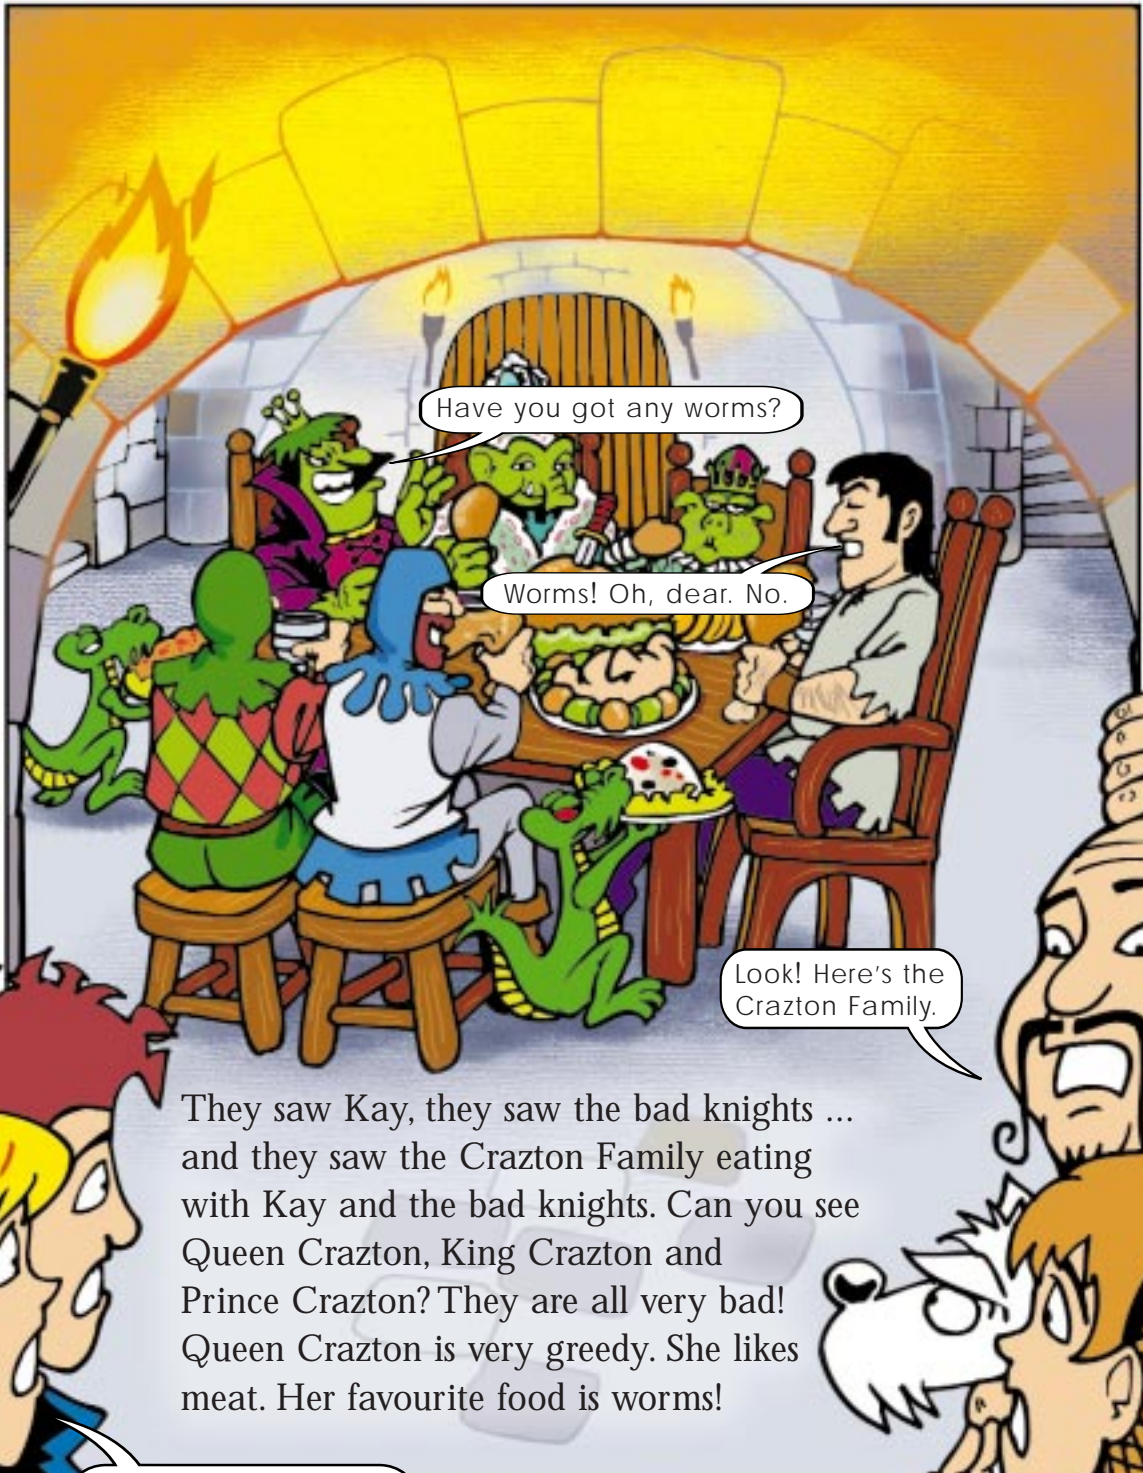

Oh, no! The Grippies are in the castle!

Oh, no! Look, Brenda!

Can you find the Grippy with the red eyes? He appears on five pages. Can you find the pages?

Have you got any worms?

Worms! Oh, dear. No.

Look! Here's the Crazton Family.

Oh, dear! The Craztons are with Kay.

They saw Kay, they saw the bad knights ... and they saw the Crazton Family eating with Kay and the bad knights. Can you see Queen Crazton, King Crazton and Prince Crazton? They are all very bad! Queen Crazton is very greedy. She likes meat. Her favourite food is worms!

Marmaduke saw the Crazton family.

WOOF! WOOF!
WOOF! WOOF!

Oh, no! Let's go!

Queen Crazton saw Professor Wong.
She was very angry. She called the
Grippies. Professor Wong and his
friends began to run fast.

Where are
we going?

I don't know,
but let's go
there quickly!

Follow them!

They came to a room full of armour. They quickly climbed into the armour. The Grippies and Queen Crazton came running in, but they couldn't find Professor Wong and his friends.

Professor Wong found some stairs. At the bottom of the stairs was a big door. Behind the big door was the dungeon. And in the dungeon was Arthur! Professor Wong gave Brenda, Eddie and Guinevere Grippy Zappers and fishing nets.

Look!
Let's open
the door!

Let's say 'Hello'
to some guards and
Grippy friends first!

Professor Wong and his friends fought the guards and the Grippies.

Look what I've got! The key to the dungeon door!

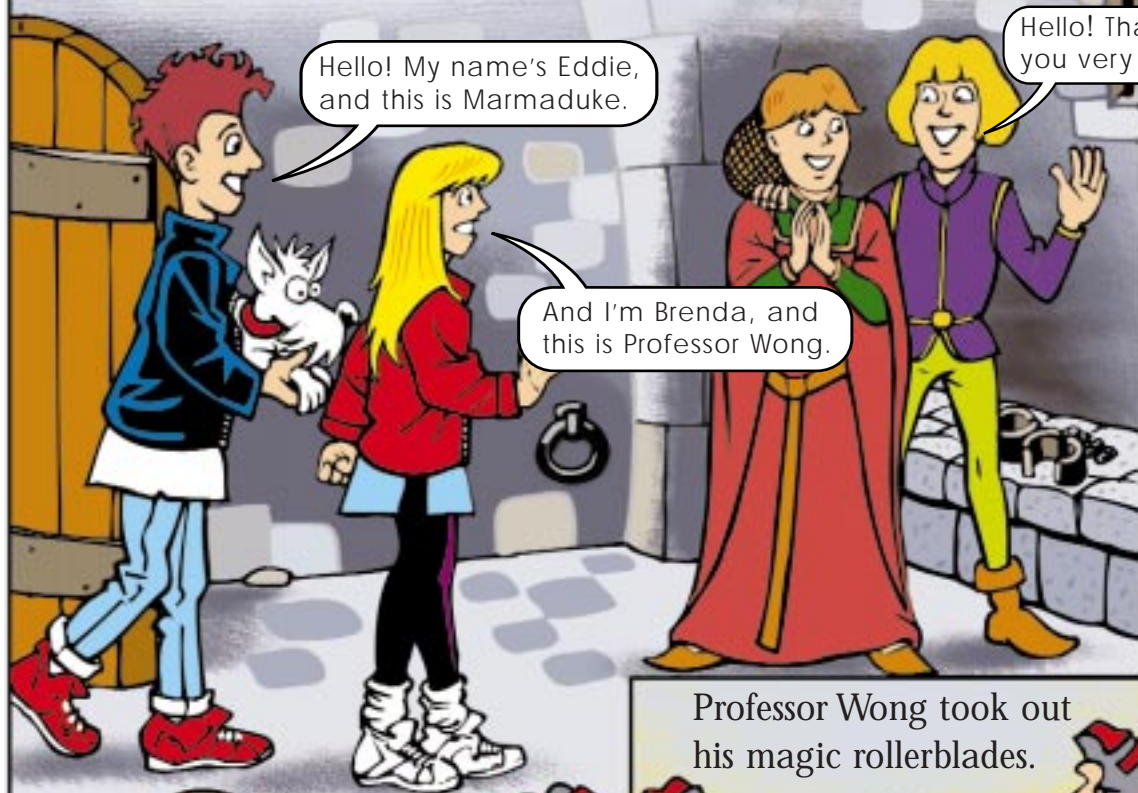

Look at my fish!

Round and round and round you go!

Take that! I'm not afraid of Grippies!

Arthur was very happy to see Guinevere! He wanted to meet Guinevere's friends.

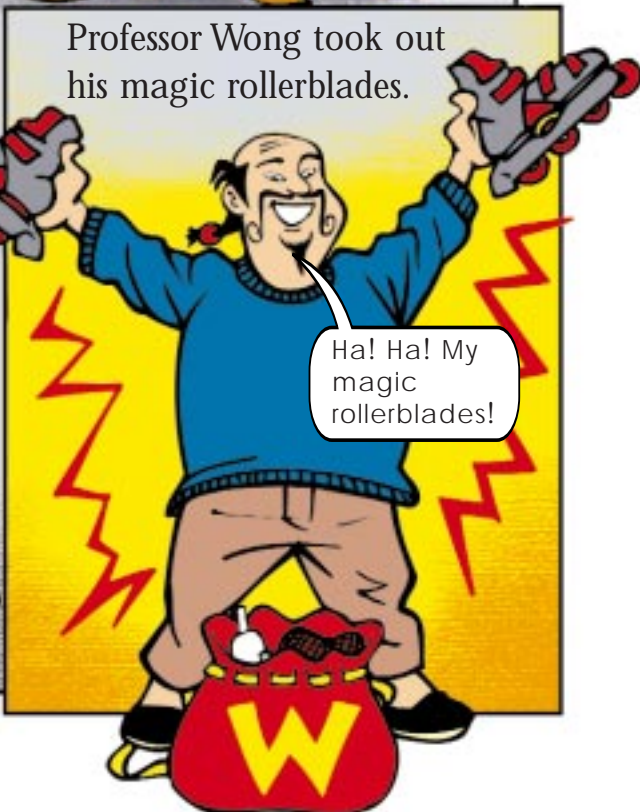

Hello! My name's Eddie, and this is Marmaduke.

Hello! Thank you very much!

And I'm Brenda, and this is Professor Wong.

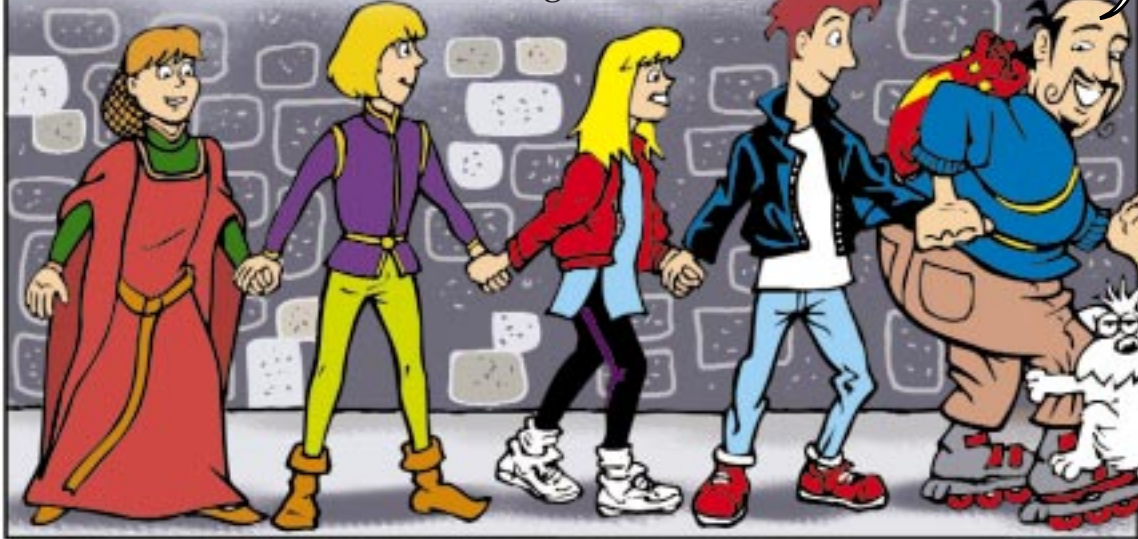

Professor Wong took out his magic rollerblades.

Ha! Ha! My magic rollerblades!

Professor Wong put on his magic rollerblades. He held Eddie's hand. Eddie held Brenda's hand. Brenda held Arthur's hand, and Arthur held Guinevere's hand. Marmaduke sat on Professor Wong's rollerblade.

Everyone hold hands! Are you ready?

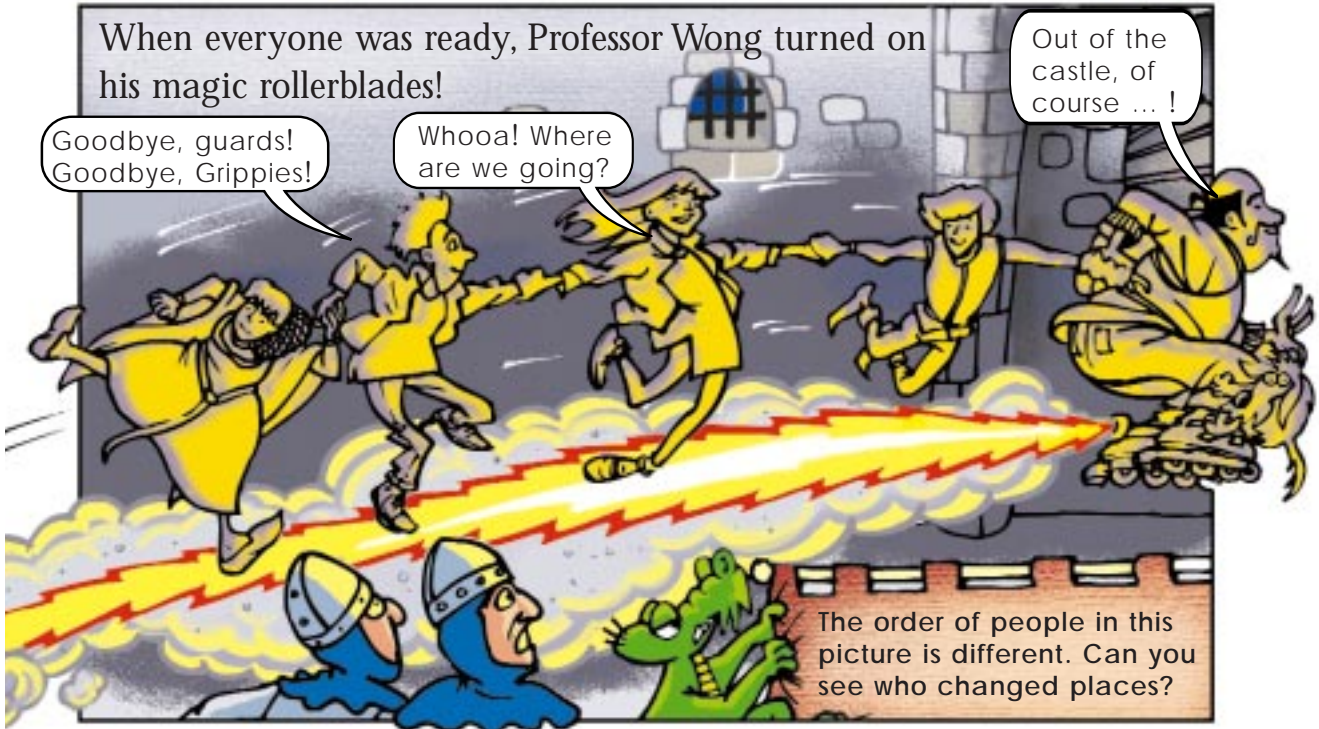

When everyone was ready, Professor Wong turned on his magic rollerblades!

Out of the castle, of course ... !

Goodbye, guards! Goodbye, Grippies!

Whooa! Where are we going?

The order of people in this picture is different. Can you see who changed places?

Professor Wong, Arthur and Guinevere were very tired and they went to sleep. Brenda and Eddie read about Arthur in Professor Wong's Magic History Book. This is what they read.

Merlin was a good and clever
magician. He helped King Arthur
to be a good king.

King Arthur had a wonderful sword.
The name of the sword was
Excalibur.

The Knights of the Round Table sat
at a round table with King Arthur.

They were good knights.

King Arthur married a beautiful woman.
Her name was Guinevere.

The next day there was a big party with food and drink and music. Kay tried to pull the sword out of the stone.

Pull, Kay!
Kay for
King!

I'm going to
be the King
of England!

He pulled and pulled, but
he couldn't pull the sword
out of the stone.

Oh, dear!

One man is wearing
orange and purple
clothes. Who is he?

Prince Crazton tried to pull the sword out of the stone.
Queen Crazton and King Crazton watched him.
The Grippies helped.

He pulled and pulled and the
Grippies pulled and pulled!
But they couldn't pull the
sword out of the stone.

Suddenly Arthur jumped onto the stone. The people watched Arthur. Kay and the bad knights watched Arthur. The Crazton Family watched Arthur. Professor Wong and his friends watched Arthur. Everyone waited. Could Arthur pull the sword out of the stone?

Look, it's Arthur!

Arthur pulled the sword out of the stone.

WOW !!!

Kay and the bad knights went back to the castle. The Crazton Family went back home to Planet Crazton. The people were very happy. They had a new king, and he was strong and good.

Hurrah! Hurrah for King Arthur!

Hurrah! Hurrah!

Hurrah! Hurrah!

One knight thought Professor Wong was Merlin the magician.

Hurrah for Merlin!

I'm not Merlin. My name is, er ... Professor Wong.

Can you find the real Merlin? What colour is his coat?

It was time for Professor Wong and his friends to say goodbye. They went into the Chinese Takeaway.
